Melanie Viola
INDEPENDENT ARTIST
digital art & photography

A B O U T M E L A N I E V I O L A

The Berlin based artist is drawn to urban landscape and the lines she finds in architecture. Horizontal structures crossed by vertical structures increase the impression of objects and provide a rapid dynamism. Picturesquely active passages, modern color accents and graphic nuances find a revolutionary combination in her pictures. She is keen to explore opportunities that will allow her to combine photography and art in the way she feels happy with. Discover also her new typographics, mixed media artworks and abstract designs.

In addition to the decorative modern art images Melanie displays a lot of classical and trendy urban impressions as well as fascinating landscape pictures.
